How to: Create an Assignment

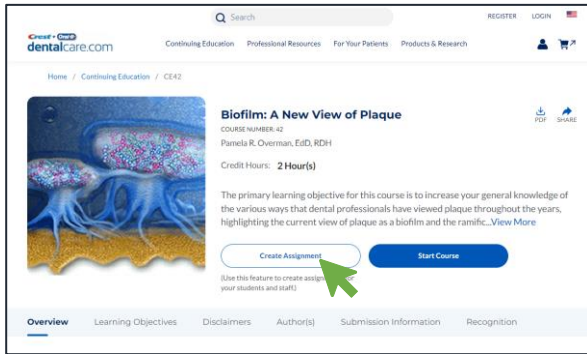

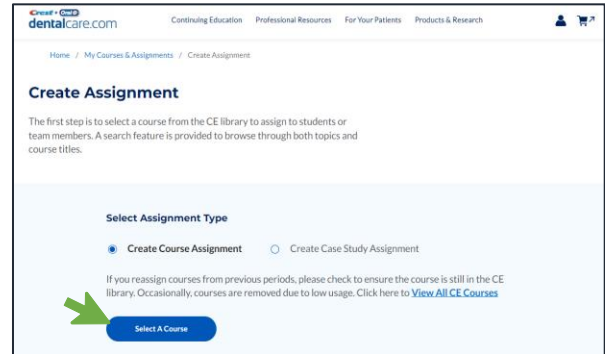

1 Click "Create Assignment"

From the Faculty Resource page or Course landing pages you can "Create an Assignment".

2 Log-in & Select a Course

You will be prompted to sign in before you "Select a Course".

3 Choose a Start/End Date

Choose a timeframe for students to complete the assignment & get notified when they finish the test.

4 Assignment Number Created

A unique assignment has been created. This can be viewed and edited by visiting your profile.

5 Check E-mail & Share Assignment

An email with the assignment details will get sent to your email for easy sharing with students.
